## Orders

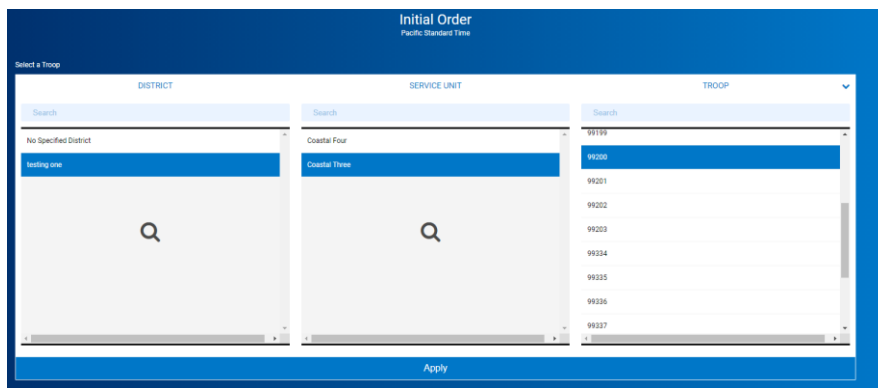

The following functions are troop functions, but SU level users, as permitted by a council, can assist a troop with these orders. To view directions on how to enter the orders, refer to the Smart Cookies Troop Guide.

- Troop Initial Orders
- Planned Orders
- Transfer Orders
- Virtual Cookie Share Orders

To assist a troop, SU level users will follow the steps below.

- Navigate to Orders>type of order
- District (if applicable) and SU will auto-select
- Click on Troop and hit apply
- Complete order as directed.
- To edit orders entered by the troop – use the manage orders process.
- All orders must follow the deadlines established by the council

SU level users may not edit any cupboard to troop or troop to cupboard transfers or any initial orders that have been submitted by the council.

## Manage Orders

The Manage Orders will allow user to view all cookie orders from all channels by choosing appropriate filters. The top section of the page details total amounts of cases by order status.

- Planned – Troop Planned Orders not approved by a cupboard manager
- Ordered – Total amount of cases troops in the SU are responsible for – includes ship only
- Sold – Cases assigned to Girl Scouts within the troops.
- On Hand – Total amount of cases in troop inventories not yet assigned to a Girl Scout. On hand should equal ordered minus sold however rounding to cases can cause slight variation.

## Filtering Orders

Available filters include:

- All – selects all filters to display all orders for troops in a Service Unit
- Initial Order – shows all troop initial orders.
- Planned – shows only orders that are yet to be picked up in a cupboard
- Restock – will not display orders at SU Level
- Transfer – displays transfer orders
  - Must choose type of transfers
  - If user wishes to display Troop to Girl, Girl to Troop or Girl to Girl transfers the search must be refined to select the Girl Scout within the troop.

- Direct Ship – shows all orders processed through Ship only on DC Cloud
- CS Donation – Council level function only

The Refine Search feature allows users to further limit the orders to display – for instance only orders for a specific troop.

- Select the desired filters and click Apply Search Parameters to display the desired orders.
- Click Clear all filters to remove all of the selected filters and re-select.

The Manage Order table appears as follows:

### Submitting Troop Initial Orders

SU level users may be instructed by the council to submit troop initial orders by the SU order deadline. Once the orders are submitted by the SU, only District (if applicable) or Council level users can edit the troop initial order.

- Navigate to Orders>Manage Orders
- Filter for Initial Orders
- Under Action – select submit all
- User will receive an email when all orders processed
- If an order does not submit, open the order to correct – most likely issue is that the delivery station was not selected. Correct errors and click submit order.

The screenshot shows the 'Manage Orders' interface with various filters and a table of results. The filters include: ALL, INITIAL ORDER, PLANNED, RESTOCK, TRANSFER, DAMAGED, COOKIE SHARE, DIRECT SHIP, CS DONATION, and TRANSACTIONS. Below the filters is a search bar with 'Apply Search Parameters' and a search box containing 'All'. The results section shows '2 Results' with options for 'Cases', 'Packages', and 'Cases/Packages'. The table below shows two initial orders.

# Booth

## Manage Booths

Based on your council settings, SU level users may be given permission to manage booths. Upload booths using the Booth Upload Template provided by your council. Template can be used to upload locations, locations and times or locations, times and troop assignments as desired.

Booths can also be added manually. Booths are owned by the user level that uploads/creates the booths. If a service unit level user creates the booth, only that user and council level users can edit the booth.

### Create Booth

- Click Create Booth Button
  - Two Tabs – Booth Information and Appointment Times
- Fill in Address Information
  - Store Name
  - Location (shopping center name for example)
  - Booth Location Address – be sure to enter accurately to allow for Google Mapping

**Appointment Times**

- Contact will default to user entering information but can be changed
  - Available roles are: Service Unit r Troop
- Location Contact Optional – can be displayed to troops
- Reservation – if checked booth reserved for a specific District or Service Unit until a specific date. Please note, reserved until means that until the date shown – only troops in the designated group can select booths *scheduled* before the date. Booth dates AFTER the reserved date would be available to all troops. For example: if you wish to have ALL booth dates for the location available for only one service unit for the entire sale period you would need to put the end date of the sale. If you wish to restrict all booth dates during a FCFS round but open it to all troops in subsequent rounds, you would still enter the end date of the sale but edit the booth just before the open FCFS round to remove the reservation.
- Select if location is available for lottery (all locations default to FCFS rounds)
- Files can be uploaded if needed and Booth Notes for troops added if desired.
- Click Save to save location information and move to appointment times

## Manage Recognition Orders

SU Level users may, based on council permissions, submit all the recognition orders for troops in their service unit. If your council has an early recognition plan, SU level users will complete this action for the early plan and then for main and troop plans (if applicable) at the end of the sale.

A table will appear on this page which lists the recognition order that has been created:

	District	SU	Troop	Type	Date	Number	Cost	Status	
<input type="checkbox"/>	No Specified District	Abington	11111	Main	October 5, 2021	0000002	\$25.75	COMPLETE	
								Total Cost:	\$25.75

The Recognition Order table will include:

- District (if applicable)
- Service Unit (SU)
- Troop
- Type – Main, Early, Troop (as determined by council set up)
- Date
- Number
- Status – there are multiple statuses the order can have:
  - INCOMPLETE – means an action step needs to be taken before the order can be completed, such as a recognition choice or t-shirt/hoodie size needs to be selected
  - COMPLETE – means all action steps have been taken and no changes have been made to Girl Scouts; no further action needed at this time
  - S – committed by Service Unit
  - D – committed by District
  - C – committed by Council

The following icons may also appear on the grid on the far right. The pencil icon can be clicked to edit the order; trash can to delete the order and check mark to submit the order. These icons may be disabled if order deadlines are past or if a higher level has already submitted the order.
