Daisy Eco Learner

Part 1 of 2
Hello Daisy!

Let's begin with the Girl Scout Law and Promise!
Can you please stand?

Clink on the link below

https://youtu.be/DxZIculvTYg
Don’t you love the feel of the warm sun on your face? The sweet smell of a flower? The sounds of birds singing? Or the fun of walking on a trail? Nature gives you many gifts! Now learn some ways you can give back by protecting nature.

**Steps**

1. Be prepared to protect nature before you go outdoors.
2. Keep living things safe when you walk in nature.
3. Learn how to protect nature from trash.

**Purpose**

When I’ve earned this badge, I’ll have learned three ways to protect the environment when I go outdoors.
What is nature? When you walk outdoors, nature is the world around you! It’s the plants, animals, insects, mountains, deserts, ocean, stars, trees, clouds, and everything else not made by people.

Can you find the pictures that are items made by people?
Did you choose the sandals, toy chest, bicycle, and bed?

Your right none of these items come from nature. They are all made by people.

Great job Daisy!
Leave No Trace

It's fun to be outside and explore, but make sure you respect nature while you're out there. It's like being nature's invisible guest!

A special group called Leave No Trace created Seven Principles (rules) to help us keep nature safe.

Know Before You Go
Choose the Right Path
Trash Your Trash
Leave What You Find
Be Careful with Fire
Respect Wildlife
Be Kind to Other Visitors
Step 1

**BE PREPARED TO PROTECT NATURE BEFORE YOU GO OUTDOORS**

Girl Scouts knows it's important to be prepared! When you go outside, take water or maybe a snack. Wear sunscreen and dress in layers. (That means you can take layers off if you are too hot, or add them if you are too cold.) Find out what kind of plants and wildlife you may see and how to treat them. Be prepared to not only keep yourself safe, but keep nature safe, too!
“Be Prepared” show-and-tell.

When you go outside, there are some things you will want to bring, and some you’ll want to leave at home. Gather items from around your house and make two piles. One is for “take outdoors” and one is for “leave behind.” Think of things like a toaster or a toy (leave behind) and water bottle, sunscreen, and bug spray (take outdoors). Then show an adult your two piles and have them guess what each is for.
Review

Today we learned about what nature is (anything not made by people)

- To respect nature
- Leave No Trace
- Be prepared to go outdoors

Awesome job, Daisy!
Join me next week to complete the Eco Learner Badge!
