

# Programs on Demand

Vendors and  
businesses  
offering  
on-demand  
troop activities  
in the WNY area

Our Programs on Demand (POD) provide additional Girl Scout experience opportunities for girls and troops throughout our nine counties. These businesses and organizations feature programs designed to appeal to a wide array of interests, including STEM, art, animals, and many more. Even better, you work directly with these collaborators to determine the specific program and date that fits your schedule.

Check out the programs in the following pages and get started planning your Program on Demand! If you have additional questions, the organization associated with the program is your best point of contact. They can answer your inquiries related to pricing, hours, program adjustments, and more.

Please remember that these opportunities are not Girl Scout-sponsored events, so you will need to meet all safety requirements laid out in [Safety Activity Checkpoints](#).

These programs are operated exclusively by the organizations and are not associated with any activity sponsored by the Girl Scouts of Western New York.

# American Red Cross

Western New York Chapter:

786 Delaware Ave, Buffalo, NY, 14209

Pillowcase Project: The girls will participate in our interactive session which lasts 40-60 minutes. They will participate in an exercise on preparing and working through a home disaster (usually fire). They will learn new coping skills as well as what causes natural disasters.

The Pillowcase Project, in conjunction with the Disney Companies, teams up for disaster preparedness. The presentation will teach the girls how they, and their household, can prepare for and stay safe when a natural disaster becomes an emergency. They will learn and practice skills such as coping and staying calm in stressful situations.

# Antique Wireless Museum

6925 Route 5, Bloomfield, NY 14469

(just East of the intersection with Rt. 444)

A great way to spark interest in STEM. Hear messages via Morse code in our authentically re-created 1900 Western Union telegraph office. View the world's first cell phone from 1977. Hold one of the first portable cell phones and marvel at its size. Hear the thunder of a working spark transmitter. Talk on a working crank wall telephone. And turn the dials of the massive Voice of America radio transmitter that sent messages of freedom throughout the world from Delano California. And much, much more!

Explore the ambitions and inventive genius of both women and men, and the ever-accelerating changes that resulted.

We are a modern world-class museum bursting with the treasure of one of the rarest and largest collection of its kind. Our engaging museum is packed with authentic radio and electronic communications from an earlier era, when reaching the masses via airwaves was relatively novel and often used to entertain.

All tours will be led by museum docents and will last approximately 75 minutes.

# Bemus Point Stow Ferry

5173 Stow Ferry Rd., Stow, NY 14785

Bemus Point Stow Ferry is an all volunteer organization operating a historic cable ferry across Chautauqua Lake between Stow and Bemus Point. The crossing has been in operation since 1811 and we are one of only two cable ferries in New York State. The current ferry has a 1929 steel hull with a new wooden deck, four quaint cupolas and paddle wheels which move the ferry along the cables. We can carry up to 9 cars and 50 passengers. The ferry is inspected by NYS and all our pilots are licensed. Regular operation is weekends from Memorial Day to Labor Day. Special programs are offered on demand at times outside of regular operation.

We offer a unique crossing of Chautauqua Lake that takes approximately 15 minutes. At shoreside or stopping the ferry in the middle of the lake, we can give a history lesson that includes ferry, lake, and county history while pointing out sights along the lakeshore. We can also talk about general boating safety and life jacket education. Picnicking on the ferry, or at Stow Landing Park, or Bemus Point Park are options.

Cost: The ferry runs on donations. We have no set fee for riding the ferry and do not have a set fee for programs, Our operators and program presenters are volunteers and maintenance and repairs are paid through donations.

Location: The ferry is docked at the Ferry Landing on the Stow-Ferry Road off of Rt 394 in Stow. We can meet people at the Bemus Point Landing by prior arrangement.

We are available weekdays and evenings Monday - Thursday, weekdays on Fridays until 4:00 pm, Saturday and Sunday mornings until 11:00 am from Memorial Day to Labor Day. For programs earlier in May or in September and October email to check on times and availability.

# Buffalo Cake Pops

27 Chandler Street, Suite 214A, Buffalo, NY 14207

Established in 2012, Buffalo Cake Pops is a specialty bakery located in the city of Buffalo. We focus on custom orders and decorating classes for all ages. Classes are perfect for ages 4 and up, and include cake pop, sugar cookie, and cupcake decorating classes. Everything is hands on, and the individuals come in with complete creative control and can take home their finished product. You are not limited to what program exists, we'd love to collaborate on any projects you might be interested in for the bakers in your life!

## **Cake Pop/Sugar Cookie/Cupcake Decorating Classes**

Cost for classes ranges from \$18-\$25/person (for cake pop classes), on average, depending on the design of the product and how many individuals total are decorating. We focus on decorating of bakery items, but can set up classes that are more hands on including baking, if the interest is there.

We are located at 27 Chandler Street in the city of Buffalo, just north of Buffalo State College. We can also travel and come to your scout meeting for decorating, we would just need room for our set up, and additional costs may be involved, depending on the location of travel.

We can be reached at [buffalocakepops@gmail.com](mailto:buffalocakepops@gmail.com) for more information on booking classes, at which time, we can send you a brochure with more information. # STEM the Gap Academy

## Virtual

At STEM the Gap Academy, we are a group of women in STEM committed to inspiring, educating, and empowering the next generation of girls in STEM fields. We offer virtual classes designed to help girls earn badges across various STEM categories, with plans to expand our offerings as we grow. STEM the Gap Academy perfectly aligns with the Girl Scouts' mission, embodying its core values. Our methodology is rooted in the belief that building a foundation of confidence and competence is essential to setting girls up for success. At STEM the Gap Academy, we create safe spaces for girls to explore, make mistakes, and reach conclusions through trial and error—without fear of criticism or judgment. We emphasize the importance of a growth mindset and resilience by encouraging girls to take risks and embrace failure as a natural part of the innovation process. We believe that partnering with the Girl Scouts could spark a powerful movement, driving forward the shared mission of empowering girls to thrive. Girls who participate in our program will engage in a variety of enriching activities designed to spark curiosity, develop skills, and foster a strong sense of community. They will: Engage in meaningful conversations around important topics. Problem-solve real-world challenges through collaborative projects. Participate in interactive, hands-on activities that explore STEM fields. Earn badges and recognition to celebrate their achievements. These experiences empower girls to grow, learn, and take on new challenges with confidence.

# Graycliff Conservancy Inc

6472 Old Lakeshore Rd, Derby NY 14047

The Graycliff Estate was designed by Frank Lloyd Wright between 1926 and 1931 for Isabelle R. Martin, wife of industrialist Darwin Martin. The Girl Scout's mission is "building girls of courage, confidence, and character who make the world a better place". Graycliff helps in this mission by providing a space for girls to learn. A visit to Graycliff could be the spark required for a future career, in Architecture, Design, or even Historic Preservation. We have designed a special tour program for scouts designed to promote an understanding of Architecture and building design with a focus on Frank Lloyd Wright and the Graycliff estate. ## Kidding Around Yoga

Kidding Around Yoga with Donna offers a fun filled, customized yoga class for the Girl Scouts of WNY in grades K-9. All of the traditional aspects of yoga are taught in a kid friendly, creative and very engaging way! The girls will practice a variety of yoga poses, engage in useful mindfulness activities, and breathing exercises, and enjoy a lovely guided relaxation time at the end of class. This class emphasizes the importance of developing a strong body, a peaceful mind, and a kind heart, which is what yoga embodies. The class incorporates our original Kidding Around Yoga music, a yoga game, a special yoga story for Girl Scouts that includes both yoga poses and breath work, and an optional yoga craft. This one hour class is offered for both new troops and for troops that have already taken a Kidding Around Yoga class and who wish to schedule another one! Classes can be held at The Fountain Wellness Center in Williamsville in their spacious movement room or your troop's meeting location (if within a 20 mile radius of me). In addition to these yoga classes, special themed yoga events that are 90 minutes long can be offered to your troop. A minimum number of participants applies. This includes a very unique glow in the dark yoga class or a Taylor Swift class for the Girl Scout Swifties! For all classes and events, an optional Kidding Around Yoga fun patch can be earned for the girls uniforms.

# Michigan Street African American Heritage Corridor Commission (MSAAHCC)

111 Genesee Street Suite 401, Buffalo, NY 14203

As an advocate for the community, the MSAAHCC endeavors to integrate the African American cultural significance and impact on Buffalo's history through public engagement, community education that will invigorate, inspire and enliven cultural appreciation, preservation and community development.

In 2007 by NYS Legislation that created a historic preservation area on Buffalo's east side and established the MSAAHCC to manage the Corridor. Over the years a symbiotic relationship has developed between the MSAAHCC and the Founding Cultural Anchors (FCA). The MSAAHCC provides administrative support, cultural program support and cross promotion to the FCA, which are listed below:

- Michigan Street Baptist Church - the hub of abolition activity in WNY.
- Nash House Museum - historic house of the reverend of the Church.
- Historic Colored Musicians Club - Museum dedicated to jazz musicians who fought segregation in WNY.
- WUFO Black Radio History Collective - collection of Urban Radio history in Buffalo.

**For girls grades 4-12.** Tours are available of all the Founding Cultural Anchors. We offer package tours (both in-person & virtually) that address African American History in WNY. Currently the Michigan Street Baptist Church & The Nash House are the only ones allowing in-person tours. The other sites are under construction and will resume in-person tours in 2024/2025. To tour the Church & Nash House is \$20 per person. It includes virtual access to the other two anchors. Each tour has a dedicated and experienced docent lead the visitors through a tour of the historic spaces. **A completely virtual tour of all the spaces is offered for \$10 per girl. The virtual tour also has an experienced docent to lead you through the spaces.**

**For girls grades 9-12.** Every spring we have lectures and programs centered around Black History month. We encourage girls to come and hear from our guest speakers and learn about social justice and civic responsibilities. The line up for 2024/2025 program will be announced in early January 2024.

**For girls grades K-12.** Our annual Holiday event is coming up soon! We hold an annual food drive, create ornaments for our Christmas tree, and distribute goods to the community. Girls of all ages are welcome to assist with the littles ones creating crafts for our Christmas tree and neighbors to help spread holiday joy! We also encourage girls who do not celebrate Christmas to spread awareness about other cultural holidays. The older girls can assist with the food drive and distribution of goods to the community.

# Modern Charm Schools

10225 Main Street, Suite 14, Clarence, NY 14031

For parents and Troop Leaders who want their girls to be known for their good manners and social skills, Modern Charm Schools offers two programs. Our YOUNG GIRLS Program is for girls ages 7-11, while the TEEN GIRL Program is for older girls ages 12-18. There is nothing 'old fashioned' here, we have fun and lots of laughs at our new school in Clarence, NY. One troop at a time. All the girls in both programs receive a Certificate of Completion. Completing the TEEN GIRL program is worthy of mention on a resume. At Modern Charm Schools, we hope your experience lasts a lifetime!

Young Girls Program includes one 90-minute visit. Will teach a number of social skills incorporating The Golden Rule as a 3-step process, introductions, handshakes, the 5 Magic Words, lessons on consideration, respect and good sportsmanship. We also have a lesson on restaurant etiquette; each girl practices table setting & napkin folding. The event ends with a mini cupcake party before receiving an 8x10" Certificate of Completion. We supply everything at Modern Charm Schools.

The Teen Girl Program is for girls ages 12-18. In one 90-minute visit, the program will teach a number of topics and skills appropriate for young adults. - Lessons include hands on work getting the students involved and interacting with each other. All of these lessons share the common objective of teaching students how they can make an impact by applying responsible ways of interacting

The lessons cover:

- Character Building
- Internet Awareness
- Nail Care - self manicure

# Montezuma Audubon Center

2295 State Route 89 Savannah, NY 13146

The Montezuma Audubon Center is a state-owned facility operated through a cooperative agreement between the New York State Department of Environmental Conservation and the National Audubon Society. We are dedicated to enhancing the habitat of the Montezuma Wetlands Complex and surrounding Important Bird Areas. The Montezuma Wetlands Complex is Audubon's first globally significant Important Bird Area.

**PROGRAM 1:** Want to introduce your scouts to the world of birding? Come join the Montezuma Audubon Center for a guided birding hike on our 2 miles of trails. Scouts will learn all about hiking safety, how to be respectful to nature while hiking, how to follow a trail system, and of course how to identify birds!

This 2-hour program will include a lesson on beginner birding, all the tips and tricks needed, equipment that is used while birding, and then a guided birding experience by an Audubon educator.

**PROGRAM 2:** The Montezuma Audubon Center would love to introduce your scouts to the Montezuma Wetlands Complex through kayaking. Scouts will be immersed in outdoor recreation in this 2-hour kayak program. Scouts will learn kayak safety, water safety skills, a beginners guide to paddling and tips on bird identification.

**PROGRAM 3:** The Montezuma Audubon Center would love to invite your scouts to participate in a conservation habitat project that introduces them to animal habitats and how to be an animal helper in nature. In this 3-hour program and conservation project session, scouts will be introduced to what invasive species are, how they affect animal habitat, and what us humans can do to assist invasive control. Scouts will gain hands-on learning experience removing invasive species and planting native plants to replace them.

# NASCAR Hall of Fame

400 E. M.L.K Jr. Blvd, Charlotte, NC 28202

From engines, tires and the body of a race car, each part has been designed to meet a specific need. Constant redesign and engineering occur to improve the function of any single race car part. During the sessions, scouts will participate in a series of hands-on lessons that may include designing a car, building a model, creating an assembly line and engineering a balloon race car.

## Revved Up For Engineering And Racing

Join the NASCAR Hall of Fame to explore automotive and racing engineering. Daisy Scouts will complete three badges within 60 minutes. Discover how cars have different jobs and parts, create your future car, create an assembly line of parts and tools, and build and test out your car. This action-packed workshop gets scouts racing to the finish line to learn about cars and race cars. **For girls grades K-1.**

## Ready To Race And Engineer

Have you ever thought about how race cars are designed and engineered? Or how race cars can drive faster than a regular car? Join the NASCAR Hall of Fame for a 60-minute program to earn three badges. Scouts will explore how and why cars are designed and their purpose by examining parts and pieces by creating their own car design. Learn about assembly lines and how cars are manufactured at a race team and a factory. Test your own engineering skills to build a car. Then race your cars to see if you can set or beat the Hall's track record. **For girls grades K-3.**

## Engineering For Speed

Teamwork is key to NASCAR. Daisy and Brownies can work together in this blended 60-minute program to earn three badges. Scouts will explore how and why cars are designed and their purpose by examining parts and pieces and creating their car design. Learn about assembly lines and how cars are manufactured at a race team and a factory. Test your engineering skills to build a car based on their scout level. Then race your cars to see if you can set or beat the NASCAR Hall of Fame track record. **For girls grades K-3.**

## Full Throttle Engineering And Racing

Designed for speed, race cars can drive at speeds up to 200 mph. Junior Scouts explore race cars and streetcars to discover design, science, engineering, and manufacturing, earning three badges. Junior Scouts step into the roles of engineer, designer and aerodynamics. Throughout the 60-minute session, scouts will create their cars through each step of the program, from concept to build to racing. Scouts will need to draw on their knowledge of science, including forces in motion and energy. The session will end with a race to the finish line to measure whose car can travel the farthest. **For girls grades 4-5.**

## RBTL's Auditorium Theatre

885 East Main Street, Rochester, NY 14605

The Rochester Broadway Theatre League's (RBTL's) mission is to provide opportunities for all people to experience, understand and enjoy the best in arts and performance through its education programs, events and activities. To fulfill its mission, RBTL strives to offer diverse performances that reflect the highest standards of excellence, and to make those performances accessible to the broadest possible audience.

Founded in 1957 as an all-volunteer, not-for-profit organization, RBTL has grown into Rochester's premier venue management and service organization for the performing arts and entertainment. In addition to presenting the best in touring Broadway shows, the RBTL provides ticketing, marketing and production services for other organizations' events.

RBTL owns and manages Rochester's Auditorium Theatre, home to a full season of touring Broadway shows, the M&T Bank Broadway Season. The Auditorium Theatre also hosts a number of live concerts, comedy, dramatic and family events throughout the year, and is used by local performing groups for recitals and other presentations. As a leader in presenting, production and administration of arts and entertainment in Rochester, the Rochester Broadway Theatre League is set for a leading role in future planning for the community, and is a catalyst for a substantial local economic impact each year.

## Reach out to 911

45 Elm St, Buffalo, NY 14203

This program will come to your group, school, meeting, or any other type of gathering and teach all about calling 911. With presentations ranging from 30 minutes to 3 hours, and covering all ages, we are able to adapt to your needs! Let us teach you all about the Who, What, Where, When, Why, and How's of calling for help.

We answer questions such as:

- When should you call 911?
- What information do you need to know?
- How can you find out the address if you don't know where you are?
- Can you text 911?
- Can you video chat 911?
- What sort of instructions can dispatchers give you to help until responders arrive?

After the presentation we even have a 911 simulator that we can practice calling 911!

## Roanchar Ranch Draft Horse Rescue

13282 CENTERLINE RD, VARYSBURG, NY 14167-9723

Interacting with horses is a unique experience because horses have the keen ability to detect intention and authenticity in people and are known to “mirror” behaviors they are picking up from others. It requires participants to be proactive, and authentic, and practice self-awareness.

Horses have a unique ability to pick up on what people are feeling by reading and reacting to people’s body language. Participants, unaware that their body language reflects their insecurity, sometimes complain, “This horse is difficult and uncooperative. He doesn’t like me,” However, when they change their body language, the horses become more interested. Horses are insightful teachers because they relinquish their herd position willingly to those who convey genuine trust, respect, and confidence.

Horses are very much like humans in that they are social animals. They have defined roles within their herds and have distinct personalities, attitudes, and moods. An approach that seems to work with one horse does not necessarily work with another. Participants learn to be aware of the horse’s body language and change their approach accordingly. Accomplishing a task with a horse successfully increases participants’ confidence and provides an opportunity to transfer the learned skills to problem-solving and overcoming challenging situations in life. # Theatre of Youth

203 Allen Street, Buffalo, NY 14201

Since 1972, Theatre of Youth (TOY) has been Buffalo's only professional theatre for children and their families. TOY stimulates the imagination, nurtures the creative spirit and enhances the education of young people by engaging them in relevant, child-centered, and professionally-produced live theatre programs. TOY believes meaningful childhood experiences in the theatre develop confidence in creative thinking skills, cultivate empathy and establish a life-long connection to the arts. Difference makes life richer. As a theater arts resource that exists to give every mind the opportunity to thrive and every spirit the space to soar, Theatre of Youth strives to uphold an environment where all children, families and individuals of every kind can come together to create a community of tolerance, equity, respect, inclusion and justice. # Wildlife Rockstars Program

The Wildlife Rockstars Program is a wildlife & conservation education program run by our staff and day program members. As part of their rehabilitation, members are re-building and learning new skills as they are trained in the care/husbandry of live native and exotic animals, birds, reptiles and more! They inspire audiences with their knowledge of our animal ambassadors and their personal stories of rebuilding their lives following a tragic accident or injury.

## Program 1 - Cadette grade 6-8 Animal Helpers

We are able to provide a presentation that shows how our Wildlife Rockstar animal Ambassadors can help people with disabilities. Our members from Bridges for Brain Injury are focused on recovering from a Traumatic brain injury, they participate in our Wildlife Rockstar programs as part of their goals. This connects people and animals and how animals can help adults with disabilities.

## Program 2 - Animal Habitats 1- Juniors

We are able to provide a presentation that discusses different animal habitats. Girl scouts can observe our animals and discuss which animals are Native to this area and what their habitats consist of. We also have endangered species, we can discuss these species and why their natural habitats are declining.

## Program 3 - Girl Scout Daisy (K & 1st Grade)

We can provide a presentation that explains what animals need to survive and how we can provide the best care for them. When scheduling we are open to discuss a smaller number or larger number of participants if needed.
