

Using the Digital Cookie Mobile App: A Training Guide for Troop Volunteers

This guide provides troop volunteers with step-by-step instructions for using the Digital Cookie Mobile App to support Girl Scouts in managing cookie sales through the troop's digital site.

Additional Resources: Mobile App for Troop Volunteers Video

Step 1: Log in to the Mobile App

Use the same email and password associated with your Digital Cookie account to log in. Access to the troop account is only available once the troop site has been properly set up. Refer to the Troop Site Setup tip sheet for guidance.

Step 2: Select the Troop Role

After logging in, users may see multiple accounts—such as their Girl Scout(s) if they are also a caregiver, and their troop account. The Troop role becomes available once the council's troop site and mobile app access dates are active.

Volunteers
without a Girl
Scout will still
have access to
the mobile
app as the
troop
volunteer.
