

# Troop Travel Guide

**Girl Scouts love to travel**—from the field trips they take as Brownies to the global adventures they go on as teens. If you love exploring different places and cultures, then Girl Scouts is the place for you. This resource is created especially to help adults to guide girls on travel adventures in Girl Scouts. Thanks to you, girls can experience unforgettable, life-changing adventures.

Through travel, girls gain enormous benefits. They develop self confidence and learn leadership skills by planning, earning money, and venturing to other countries or parts of the United States. They make lifelong friends—not only with the girls they travel with but new girls they meet along the way. They gain cultural insight, an appreciation for differences and similarities, and a broadened perspective. As girls mature in Girl Scouts, many consider travel one of the most exciting aspects of their membership.

Everything girls do in Girl Scouting is based on the Girl Scout Leadership Experience, and Girl Scout trips are no different. Girls will discover, connect, and take action at every stage, from budgeting to traveling. In your role as a supportive adult, you can shape girls' adventures by infusing the processes of girl led, learning by doing, and cooperative learning into activities.

Girl Scout programing is always progressive. Girls progress from meeting time and day trips as Daisies towards simple and extended overnight trips as Brownies and Juniors. As they gain experience and confidence girls will plan extended trips, participate in council led International travel, and apply for National Girl Scout Destination experiences.

- **Sense of Self:** Girls have confidence in themselves and their abilities, and form positive identities.
- **Positive Values:** Girls act ethically, honestly and responsibly, and show concern for others.
- **Challenge Seeking:** Girls take appropriate risks, try things even if they might fail, and learn from their mistakes.
- **Healthy Relationships:** Girls develop and maintain healthy relationships by communicating their feelings directly and resolving conflicts constructively.
- **Community Problem Solving:** Girls desire to contribute to the world in purposeful and meaningful ways, learn how to identify problems in the community, and create “action plans” to solve them.

## Discuss it! Plan it!

### Coach the girls through:

- Choosing a location
- Determining the purpose of the trip
- Working out the trip itinerary and budget
- Where are you going to stay?
- Will you sightsee?
- How much do the museums, performances, etc., cost?
- How much will you need to spend on food?
- Don't forget to include personal expenses, such as souvenirs, film, postcards, gifts, etc.
- Transportation? How should we get there? If we travel by plane or train, how will we get around once we arrive at our destination?
- Packing appropriately

## Destinations

Girls age 11 and older who are ready for independent travel can choose from many domestic and international opportunities in the Girl Scouts of the USA [Destinations](#) webpage. Applications are due in the fall and financial aid opportunities are available.
